

Variable Discount Plan Valid from 05/10/2023

Product Terms & Conditions

Variable Discount Plan Valid from 05/10/23

1. These Product Specific Terms and Conditions

1.1 These Product Specific Terms and Conditions (as amended from time to time) apply specifically to the services associated with the Variable Discount Plan Tariff (the "Variable Discount Plan T&Cs") and are incorporated into the Contract (as defined in the General Terms and Conditions which can be found at www.yunoenergy.ie/termsandconditions), between Yuno Energy ("Yuno Energy" or "we", "us" or "our") and a person who agrees to enter into a Contract for the Supply of Energy with us ("Customer" or "you").

1.2 In the event of any conflict between these Variable Discount Plan T&Cs and our General Terms and Conditions these terms will prevail. Any defined terms in these Product Specific T&Cs will have the meaning given to them as defined in the General Terms and Conditions.

1.3 The Contract shall commence on the date that you sign up to Yuno Energy and agree to our General Terms and Conditions and will continue for a period of one (1) calendar year from that date (the "Initial Period").

1.4 The Variable Discount Plan Tariff will apply for the term specified in clause 1.3, after which point you will be moved to the Yuno Energy Standard Price Plan Tariff.

1.5 Should you terminate the Contract after the 14 day cooling off period but prior to the expiry of the Initial Period or without providing us with the required 30 days advanced notice of your intention to cancel a €50 termination fee will be applied to your account.

1.6 Yuno Energy reserves the right to withdraw the Variable Discount Plan Tariff without notice

at any time prior to the commencement of the contract.

1.7 The unit rate and standing charges are subject to change in accordance with our Standard Terms and Conditions.

2. Variable Discount Plan Offer

2.1 This Variable Discount Plan Tariff is only available to new Yuno Energy electricity customers.

Paperless Tariff

2.2 The Variable Discount Plan Tariff is a paperless Tariff. To avail of the Variable Discount Plan Tariff you must download our mobile App and provide us with your correct e-mail address at the time of entering into the Contract in order to receive your Energy Bill. We shall use this email address to notify you that your Energy Bill is available in your App.

2.3 We reserve the right to change your Tariff from the Variable Discount Plan Tariff to another Tariff or otherwise terminate the Contract, if you:

2.3.1 want to receive paper Energy Bills; or

2.3.2 are unable to download or login into our App; or

2.3.3 do not provide us with a valid up-to-date email address.

Smart Meter

2.4 The Variable Discount Plan Tariff is dependent on us obtaining your half hourly metering data from ESNB, accordingly if you wish to sign up to the Variable Discount Plan Tariff you must have a smart Meter installed or consent to its installation when requested to do

so by ESNB. Due to applicable industry rules for smart metering once you move to a Variable Discount Plan Tariff, it is not possible to revert back to a non-smart Tariff.

2.5 If you refuse to allow ESNB to install a smart Meter at your Premises or if you no longer wish to provide ESNB or us with your half hourly smart metering data you will become ineligible to avail of the Variable Discount Plan Tariff. We reserve the right to move you to a different Tariff or terminate the Contract. If you move to another Tariff we may request a deposit from you.

2.6 If the signal from your smart Meter is not sufficient to support the transfer of half-hourly data to us via ESNB, we will contact you to discuss other suitable Tariffs.

2.7 Consumption insights in your App will only be available 30 days after the installation of a smart Meter.

3. Billing, Charges & Payment

3.1 We will issue your Energy Bill in accordance with the processes set out in Clause 11 of the General Terms and Conditions. In addition to those terms, the following terms apply:

3.1.1 On signing up to the Variable Discount Plan Tariff, you will be required to make an advanced payment which will be calculated based upon your predicted consumption.

3.1.3 You can choose the date on which you wish to be billed and charged in the App. Your Energy Bill may be issued on the same day that the payment is deducted from your card.

3.1.4 If you do not have an ESNB Smart Meter, you will not receive usage data or daily updates until your ESNB smart Meter has been installed.

3.1.5 You must pay your Energy Bill to the specific payment conditions of your Tariff. If you fail to pay us by an agreed payment date, we reserve the right to change our payment collection date and we will notify you in advance of doing this.

3.1.6 Should you fail to pay by one of the payment methods agreed between us at signup, we may change the frequency of your Energy Bills and. We may also require you to pay a security deposit. We may also charge you any reasonable costs incurred by us in relation to collecting any overdue payments from you.

3.1.7 We reserve the right to move you to another Tariff if you breach the Contract.

4. Tariff details.
