## PRODUCT SPECIFIC TERMS AND CONDITIONS

Dual Fuel Smart – Valid from  
30/09/2024

### **1. These Product Specific Terms and Conditions**

1.1 These Product Specific Terms and Conditions (as amended from time to time) apply specifically to the services associated with the Yuno Fixed Smart Dual Fuel Plan (the “Yuno Fixed Smart Dual Fuel Plan T&Cs”) and are incorporated into the Contract (as defined in the General Terms and Conditions which can be found at [www.yunoenergy.ie/termsandconditions](http://www.yunoenergy.ie/termsandconditions)), between Yuno Energy (“Yuno Energy” or “we”, “us” or “our”) and a person who agrees to enter into a Contract for the Supply of Gas and Electricity with us (“Customer” or “you”).

1.3 The Contract shall commence on the date that you sign up to the Yuno Fixed Smart Dual Fuel Plan and agree to our General Terms and Conditions and will continue for a period of one (1) calendar year from that date (the "Initial Period").

1.2 In the event of any conflict between these Yuno Fixed Smart Dual Fuel Plan T&Cs and our General Terms and Conditions these terms will prevail. Any defined terms in these Product Specific T&Cs will have the meaning given to them as defined in the General Terms and Conditions.

1.4 The Yuno Fixed Smart Dual Fuel Plan will apply for the term specified in clause 1.3, after which point you will be moved to the Yuno Standard Gas Plan and the Yuno Standard Electricity Plan.

1.5 The Smart Dual Fuel Estimated Annual Bill (EAB) is calculated based on an average annual consumption of 11,000 kWh in gas and 4,200

kWh in electricity, as defined by the Commission for Regulation of Utilities.

1.6 Yuno Fixed Smart Dual Fuel Plan is for customers with usage less than 73,000kWh per year. If Gas Networks Ireland advise us that your usage is greater than 73,000kWh you will be moved to a large user gas plan.

1.7 If you are unable to complete the sign up for both electricity and gas under the Yuno Fixed Smart Dual Fuel plan, you may sign up for one fuel (either a Yuno Electricity plan or Yuno Gas plan) separately. The EABs for these plans will be different to the Yuno Fixed Smart Dual fuel plan EAB. Please refer to our price plans and terms and conditions for these Energy plans on our website at <https://yunoenergy.ie/price-plans>.

1.8 Should you terminate your electricity or gas account after the 14 day cooling off period but prior to the expiry of the Initial Period or without providing us with the required 30 days advanced notice of your intention to cancel a €100 termination fee will be applied to your account per fuel. You will be moved to the Yuno Standard Gas Plan or Yuno Standard Electricity plan.

1.9 Yuno Energy reserves the right to withdraw the Yuno Fixed Smart Dual Fuel Plan without notice at any time prior to the commencement of the contract.

1.10 The Unit Rate(s) of the Yuno Fixed Smart Dual Fuel Plan are fixed for the Initial Period. All other charges are subject to change in accordance with our Standard Terms and Conditions.

## 2. Fixed Discount Dual Fuel Plan Offer

2.1 This Yuno Fixed Smart Dual Fuel Plan is only available to new Yuno Energy customers.

2.2 Pricing is subject to and dependent on your location and your meter type. You must have an Electricity Supply Board Networks (ESBN) electricity Smart Meter installed and a Gas Networks Ireland (GNI) gas credit meter. This plan is not available where a GNI Pay as You Go Meter is installed or if you refuse the installation of an ESBN smart meter.

### Paperless Tariff

2.3 The Yuno Fixed Smart Dual Fuel Plan is a paperless Tariff. To avail of the Yuno Fixed Smart Dual Fuel Plan you must download our mobile App and provide us with your correct e-mail address at the time of entering into the Contract in order to receive your Energy Bills. We shall use this email address to notify you that your Energy Bills are available in your App.

2.4 We reserve the right to change your Tariff from the Yuno Fixed Smart Dual Fuel Plan to another Tariff or otherwise terminate the Contract, if you:

2.4.1 want to receive paper Bills; or

2.4.2 are unable to download or login into our App; or

2.4.3 do not provide us with a valid up-to-date email address.

### Smart Meter

2.5 The Yuno Fixed Smart Dual Fuel Plan Tariff is dependent on us obtaining your half hourly electricity metering data from ESBN, accordingly if you wish to sign up to the Yuno Fixed Smart Smart Dual Fuel Tariff you must have a Smart Meter installed or consent to its installation when requested to do so by ESBN.

Due to applicable industry rules for smart metering once you move to our Yuno Fixed Smart Dual Fuel Plan, it is not possible to revert back to a non-smart electricity Tariff.

2.6 If you refuse to allow ESBN to install a Smart Meter at your Premises or if you no longer wish to provide ESBN or us with your half hourly smart metering data you will become ineligible to avail of the Yuno Fixed Smart Dual Fuel Tariff. We reserve the right to move you to different Tariffs for both electricity and gas or terminate the Contract. If you move to another Tariff(s) we may request a deposit from you.

2.7 If the signal from your Smart Meter is not sufficient to support the transfer of half-hourly data to us via ESBN, we will contact you to discuss other suitable Tariffs for both electricity and gas.

2.8 Consumption insights in your App will only be available 30 days after the installation of an ESBN smart Meter.

## 3. Billing, Charges & Payment

If you give us false or inaccurate information and fraud is identified, we will pass your details to credit-reference and fraud-prevention agencies.

3.1.7 If you do not have an ESNB Smart Meter, you will not receive usage data or daily updates until your ESNB smart Meter has been installed.

generate estimated readings or use estimated readings provided to us by GNI. To improve the accuracy of your Gas bill we encourage you to submit your meter readings to us.
